CAREER OBJECTIVE

To build a creative career in Graphic Design and Digital Content, where I can apply my design skills, creativity, and technical knowledge to create meaningful and visually engaging work while continuously learning and growing professionally.

Projects

TADB — Telugu Anime Database

Oct 2025 – Feb 2026

Website Development

- Designed the website interface using Adobe Photoshop & Illustrator.
- Built the website using AI-assisted coding based on the custom UI design.
- Created a platform for anime information and Telugu dubbing details.

Collaborations

PUBG — Promotional Video

Video Editing & AMV 2026

- Created an AMV-style promotional video with a focus on precise voice editing, audio timing, and smooth audio-visual synchronization.

Voice Artist Collaboration

Video Editing & Dubbing Sync 2026

- Created an anime dubbing video featuring Telugu voice artists, synchronizing their voice performances with anime footage and adding properly timed subtitles.

Internship

PVR Associates

2023 4 Months

Associate — Primary Department

Worked on updating property information and assisting with property-related data and valuation records.
